ABOUT GWW

We identify and launch unique products that we believe are **GREEN** in all aspects of life. Our definition of GREEN includes everything that is eco-friendly and promote strong human society values. Go GreenWay and Buy Responsibly!

Greenway World is a product launch and retail platform. We find unique eco-friendly products from all over the world that confine to our values. **Our goal** is to create a platform for greener and value based products from makers that provide a lasting impact to the world we live in with their innovative creations.

Our end goal is that within five years 10% of all eco-friendly products flowing through U.S. retail will be originating from independent small-scale Makers, improve awareness on the Green initiatives and deliver innovative products from every corner of the world.
